

Matthew Scheffler

EXPERIENCE

Urban Architecture Inc. | Digital Media Manager | New York, NY / Tinton Falls, NJ | January 2022 - Present

- Managed full scope of digital operations for a New York gallery specializing in Memphis Milano and postmodern collectible furniture, including photography, archiving, e-commerce, and communications.
- Photographed and documented incoming inventory at high resolution for auction, appraisal, and archival purposes; organized and maintained asset folders across the full catalog for internal and external use.
- Built and maintained e-commerce platform on Shopify, including product catalog structure, collection hierarchies, and SEO-optimized product data across the full inventory.
- Designed and produced seasonal email campaigns targeting collectors, translating archival design material and pricing into clear, on-brand communications via Mailchimp.
- Produced platform-specific social content including short-form video and static assets, maintaining visual consistency with the gallery's identity across Instagram and email channels.
- Designed and produced print collateral including business cards, stationery, and vinyl signage for the gallery, maintaining brand consistency across physical and digital touchpoints.

Bernard Figueroa Lights | Studio Assistant / Digital Manager | New Jersey / Montpelier, France (hybrid) | January 2025 - Present

- Photographed and documented incoming work, works-in-progress, and completed pieces over time, producing edited assets for social media, email campaigns, and archival records.
- Maintained and organized studio archives across two locations in New Jersey and France, managing image assets, production documentation, and content uploads to web platforms.
- Produced Mailchimp campaigns and Instagram content for an audience of collectors, decorators, and design professionals.
- Coordinated with local fabricators on production timelines, material sourcing, and delivery, gaining firsthand experience with artisanal studio practice.

STATMASK | Social Media + E-Commerce Manager, Product Photographer | New York, NY | September 2020 - January 2022

- Directed product photography and produced short-form video and social content across grid, feed, and vertical story formats, building a modular visual system that generated multiple platform-ready formats from a single core asset.
- Managed e-commerce operations and Meta campaign strategy; grew revenue 150% in Q3 2021 through optimized Facebook Audiences targeting informed by Shopify and Google Analytics data.
- Designed branded sales assets and promotional materials consistent with the brand's visual identity across all platforms.
